Scope of Use

This Level 4 Protective Gown provides a barrier for microbial and pathogens. It can be used in high-risk environments where users are exposed to large amounts of fluid over a long period of time.

Package: Individually

HCA Part Number: OP-IG-L2-EME

Storage

Level 4 Gowns are designed to protect users so its important to store them as follows:

- In original package
- In a clean air environment free from hazards
- Away from direct sunlight
- In a cool temperature controlled environment

Instructions For Use

Put on Level 4 Protective gown and make sure flaps are closed properly. Use adhesive tapes to seal off opening around face and wrists to maximize protection.
